

2. This is an application filed by the Applicant / Original Respondent for recalling the Order dated 16.11.2006 passed by us. The reason given for recalling of this order is that the Applicant / Original Respondent was not prepared to

make submissions on that date, she argued the matter herself, she had no assistance of lawyer and therefore the order which affects her interest particularly with reference to clause 4 or the case of interest of her minor should be recalled. We do not find any merit in the submissions. The request of her lawyer to take his written notes of submissions for the purpose of admission of this application, is rejected. Affidavit in Rejoinder is taken on record.

3. When we passed the order, we heard the Applicant / Original Respondent, she was capable of representing her interest, capable of arguing and understanding the nature of questions put to her and what we were doing and what we have done. We have protected the interest of the minor, even though she was not aware of the same. The right has been given to the minor to raise challenges after he attains majority. That is perfectly according to law. No interference is called for. Application is rejected.

4. Certified copy expedited.
